Re: Extended Learning Program – Fabrication & Installation of new HVAC Systems

Addendum #1

1. Project start date tentatively to begin December 18th 2023 through March 1st, 2024.
2. Bard Heat Pump, 4-ton, Model number W48HC-A04MP4XXX for wall mounted units.
3. Remove 5 HVAC Roof Top Units, replace only 4 HVAC Roof Top Units, see map for clarification.
4. No striping of the roof, BCSD will come in and re-foam roof.
5. Contractor to build up curb.
6. No permits needed for this project.
7. Replace 2 exhaust fans in restrooms, install exhaust fan in IT Data room.
8. Install duct detector on 5-ton unit.
9. Install a disconnect on Bard unit (Room 6).
10. BCSD will install blocking for (2) wall mounted Bard units.
11. Allow contractor to design layout of units.
12. Contractor to notify BCSD of existing duct work to remain.
13. The following demo will be completed prior to start date: Hard Lid, grid, lighting, & existing duct work
14. Insulation to be installed prior to start date.
